## **All Month Long: Preserve Your Memories Digitization Project**

We can turn your VHS tapes into DVDs, your floppy discs into flash drives, and your photos into computer files! There will be a small charge to cover the cost of supplies (\$2.50 per flash drive and 50 cents per DVD).

LIMIT PER PERSON: 4 VHS tapes, 4 floppy discs, 4 documents, and 40 photos

We understand that people may have many more photos they wish to digitize, so we are willing to teach them how to scan more photos on our equipment themselves. All participants must sign a damage liability waiver. We cannot and will not copy Hollywood movies and other protected works; this service is strictly for people's personal memories.

Processing time may take up to two weeks.
